12. Munene, R. M., Adala, H. S., Masinde, M. S., Rana, F. S. Vitamin A deficiency among Kenya children as detected by conjunctival impression cytology. E. African Medical Journal. 80: 476, 2003.
13. New trends in ocular Aids in children submitted to E.A.J.O. 2005.

7. CONFERENCES ATTENDED:

7.1 Conferences of the Ophthalmic Society of East Africa: Papers read

1. Trachoma survey in Primary Schools in Machakos. July 1981, Nairobi.
2. Hyphema study at Kenyatta National Hospital, July 1982, Nairobi.

3. The role of genital Chlamydia in trachoma transmission July 1992, Arusha, Tanzania.
 4. Retinopathy of prematurity at Kenyatta National Hospital. July 1993, Nairobi.
 5. Challenges of orbital fractures management – Preliminary report July 1998, Nairobi.
 6. Refractive errors in school children Dr. Nzuki 2004.
 7. Ocular manifestations in Thyroid disease Dr. Manyua 2004.
 8. Ocular manifestations in Aids in children Dr. Mbongo 2005.
- 7.2 Annual Conference of Kenya Paediatric Association March 1988: Appraisal of Xerophthalmia in selected centres in Kenya.
- 7.3 German Ophthalmologists (DOG) Conference.
1. Study of measles and protein calorie malnutrition as risk factors in Xerophthalmia. DOG Berlin October 1997.
 2. Prevention of Blindness in Africa DOG, Berlin Oct. 2001.
- 7.4 Workshops participated in
1. Training of Eye Health workers, WHO – Lilongwe 1992.
 2. Training of Eye Health workers, WHO – Harare 1994.
 3. Prevention of childhood blindness, WHO – Geneva 2002
 4. Strabismus and Ptosis, Nairobi 2002
 5. Strabismus and Ptosis, Nairobi 2003
 6. Kenya Ophthalmic Programme: 5 year development plan, Ministry of Health and WHO, Mombasa 2003.

8. CURRENT RESEARCH:

Epidermiology and management of orbital fractures. 1996 – To date

Researchers: 1. Prof. S. Guthua – Maxillofacial surgeon, Faculty of Dentistry.

2. Dr. M. S. Masinde – Department of Ophthalmology.

9. DISSERTATION THESIS SUPERVISED:

1. Ocular manifestations in Homozygous sickle cell disease at KNH.
Dr. J. W. Odede.
2. Infective and mooren's corneal ulcers as seen at KNH.
Dr. Hilda Tibayungwa Kabuleeta – 1986.

3. A study of one drop topical application of pilocarpine 2% and Levobunolol 0.5% and normal diurnal intraocular pressure variation at KNH.
Dr. F. Othero – 1988.
4. Appraisal of Xerophthalmia in selected centres in Kenya.
Dr. A. W. Duku - 1989.
5. Preproliferative and proliferative retinopathy in diabetes and venous occlusion at KNH. Dr. J. N. Masembe - 1989.
6. Advanced study of orbital tumours.
Dr. C. Malakwen – 1989.
7. Primary and Recurrent Herpes simplex ocular infection in KNH.
Dr. Yugusk - 1989.
8. Comitant esotropia in a Kenyan African Population at KNH.
Dr. J. Karimurio – 1990
9. Traumatic Eye injuries in children as seen in KNH.
Dr. Charles Echelu – 1990.
10. Tuberculosis and the eye at KNH.
Dr. W. O. Ogony – 1990.
11. A prevalence study of the ophthalmic manifestations in AIDS as seen at KNH. Dr. H. Awan – 1990.
12. Immunoglobulin levels in tears of healthy and diseased eyes.
Dr. D. Ilako – 1991.
13. Ocular complications of Blunt non perforating trauma.
Dr. S. Kikira – 1992.
14. Corneal hyposensitivity in leprosy as seen in African patients in Kenya.
Dr. C. Owino – 1993.

15. Screening of first degree relatives of primary open angle glaucoma in patients of Ethiopian origin.
Dr. S. Asefa – 1995.
16. A survey of Eye injuries in industrial workers in Nairobi.
Dr. D. O. Kiage – 1997.
17. The efficacy of topical prednisolone in reducing recurrences in Pterygium surgery.
Dr. E. A. Tambe – 1998.
18. Congenital nasolacrimal duct obstruction: Prevalence, bacteriology and management. Dr. A. J. Patel – 1999.
19. Prevalence of Vitamin A deficiency among 4 – 7 year old children from high risk communities as detected by conjunctival impression cytology. Dr. R. M. Munene – 2000.
20. Fungal and bacterial corneal ulcers, agreement between laboratory and clinical diagnosis.
Dr. G. R. Msukwa – 2001.
21. Strabismus as seen in children at University of Nairobi, KNH.
Dr. Kalua 2002.
22. Strabismus as seen in Children aged 3 – 5years attending Nairobi City Council day nursery schools.
Dr. E. M. Onsomu 2003.
23. Refractive errors in school children Dr. Nzuki 2004.
24. Ocular manifestations in thyroid disease Dr. Nzuki 2004.
25. Ocular manifestations in Aids in children Dr. Mbongo 2005.

10. AGREEMENTS NEGOTIATED

10.1. CHRISTOFER BLINDEN MISSION

- 1.1 Support of Euro 9000 per year since 2000 for:
 - Outreach surgical and training activities.
 - Books, CD roms
 - International and local conferences for staff.

- 1.2 Staff van purchased 2001 at cost of Euro 30,400
- 1.3 Cost survey plans for building University Teaching Eye Hospital about Euro 5000.
- 1.4 East African College of Ophthalmology about Euro 10,000 in 2003.

10.2. SIGHT SAVER INTERNATIONAL SINCE 2000

- 2.1 Support of outreach activities mainly running and maintenance cost of staff van - Kshs 1.2m
- 2.2 Staff training, Seminars. - Kshs. 1.2m.
- 2.3 Equipment
 - (a) Surgical equipment Euro 25,550
 - (b) Operating microscopes Euro 14, 180
 - Nyeri - elective term centres
 - Eldoret - elective term centres
 - (c) Teaching microscope KNH Euro 15,000.

10.3. LIONS INTERNATIONAL 2003.

1. Training of paediatric Ophthalmologists and anaesthetist.
2. Set up training units of paediatric Ophthalmology at approximate cost USD 85,000

10.4. UNIVERSITY TEACHING EYE HOSPITAL

Approximate cost US 100,000

Supported by Lions International and CBM. Project now given green Light for preliminary survey.

10.5. RENEGOTIATED COOPERATION

Between Nairobi University Eye Department, Munich University Eye Hospital and DAAD support for specialized Units.

- Laser Unit
- Fluoresceine Angiography
- Vitreoretinal Unit.
- Slit lamps
- Other Surgical Equipment

10.6. SCHOLARSHIPS (SINCE 1990).

1. CBM 2 per year.
2. SSI 1 per year.
3. Lions (Bavaria) 1-2 per year.
4. KAAD
5. Top up for MOH scholarships.

11. PROFESSIONAL SOCIETIES:

1. Kenya Medical Association – member.
2. East African Society of Ophthalmology –member
3. Kenya Hospital Association – member.

12. LANGUAGES SPOKEN

1. English
2. Kiswahili
3. Knowledge of French.
